EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jun Y. Lee on 12/03/04.

The application has been amended as follows:

In claim 8 line 8, after "a" insert --flange--. In line 9, after "members," insert --and captured against said bottom wall thereby,--.

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a combination of a inner frame and at least two blades, wherein the blades include a flange portion to be engaged by a hook in the frame against a bottom wall of the frame, in combination with the remaining limitations of the claim.

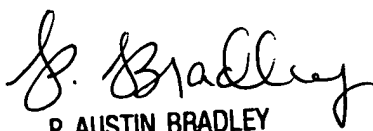

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
